## ■ *Who is Salim Ayub Technical Solutions?*

We are a professional exhibition stand builder, with an established unique identity and we constantly strive to create designs with a memorable visual look. The goal is to create a complete, integrated package that will be unique and inviting presence at an expo, trade fair or exhibition so that visitors often surrounded by many competing demands for their attention will be attracted to the particular stand. With a cleverly conceived, custom stall design, the exhibitor's message and branding is much powerfully communicated.

## ■ OUR PROJECTS

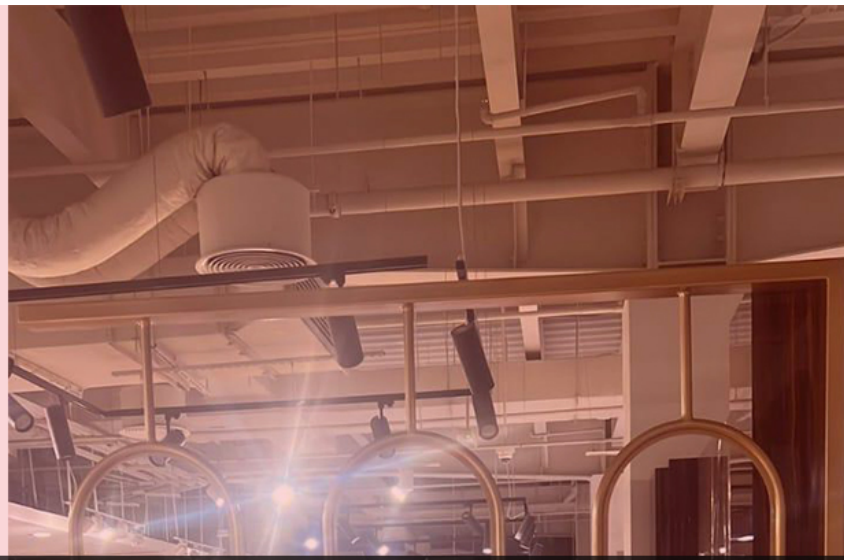

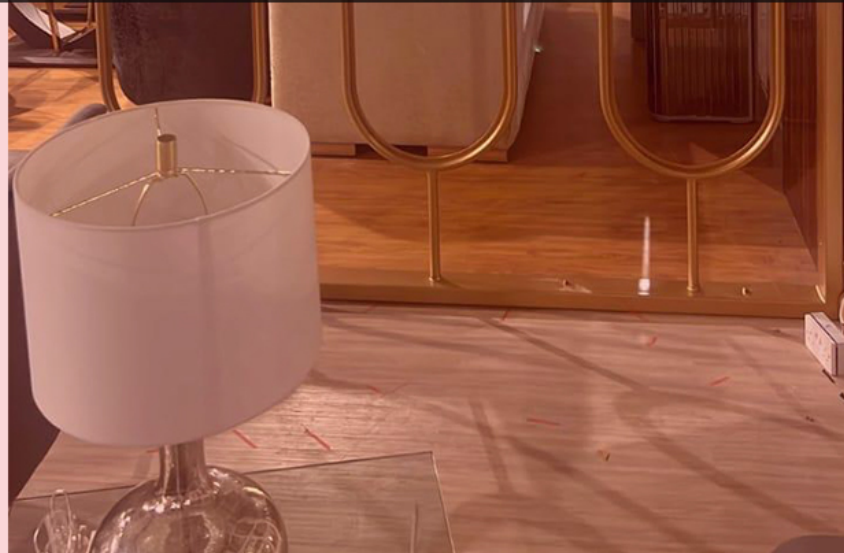

*We are among the most distinctive exhibition stand builders in U.A.E.*  
We offer you exceptional and eye-catching exhibition stand design & construction with outstanding showcasing services. SATS is an exhibition stand contractor in U.A.E that understands that every exhibitor has different showcasing objectives. To deliver you the best exhibition stand builder services, we first get the necessary information to create ground breaking ideas that elevate the brand to the top. Our wide range of services includes planning, constructing, shipping, installation, dismantling and storage.

■ SATS specializes in turnkey interior projects for retail malls, store-within stores, banks and corporate offices. Installation range from elaborate modular furniture and fittings to complex sophisticated packages including flooring, gypsum false ceiling, gypsum drywall partition, painting, wall covering, lighting, electro-mechanical works and external frontages

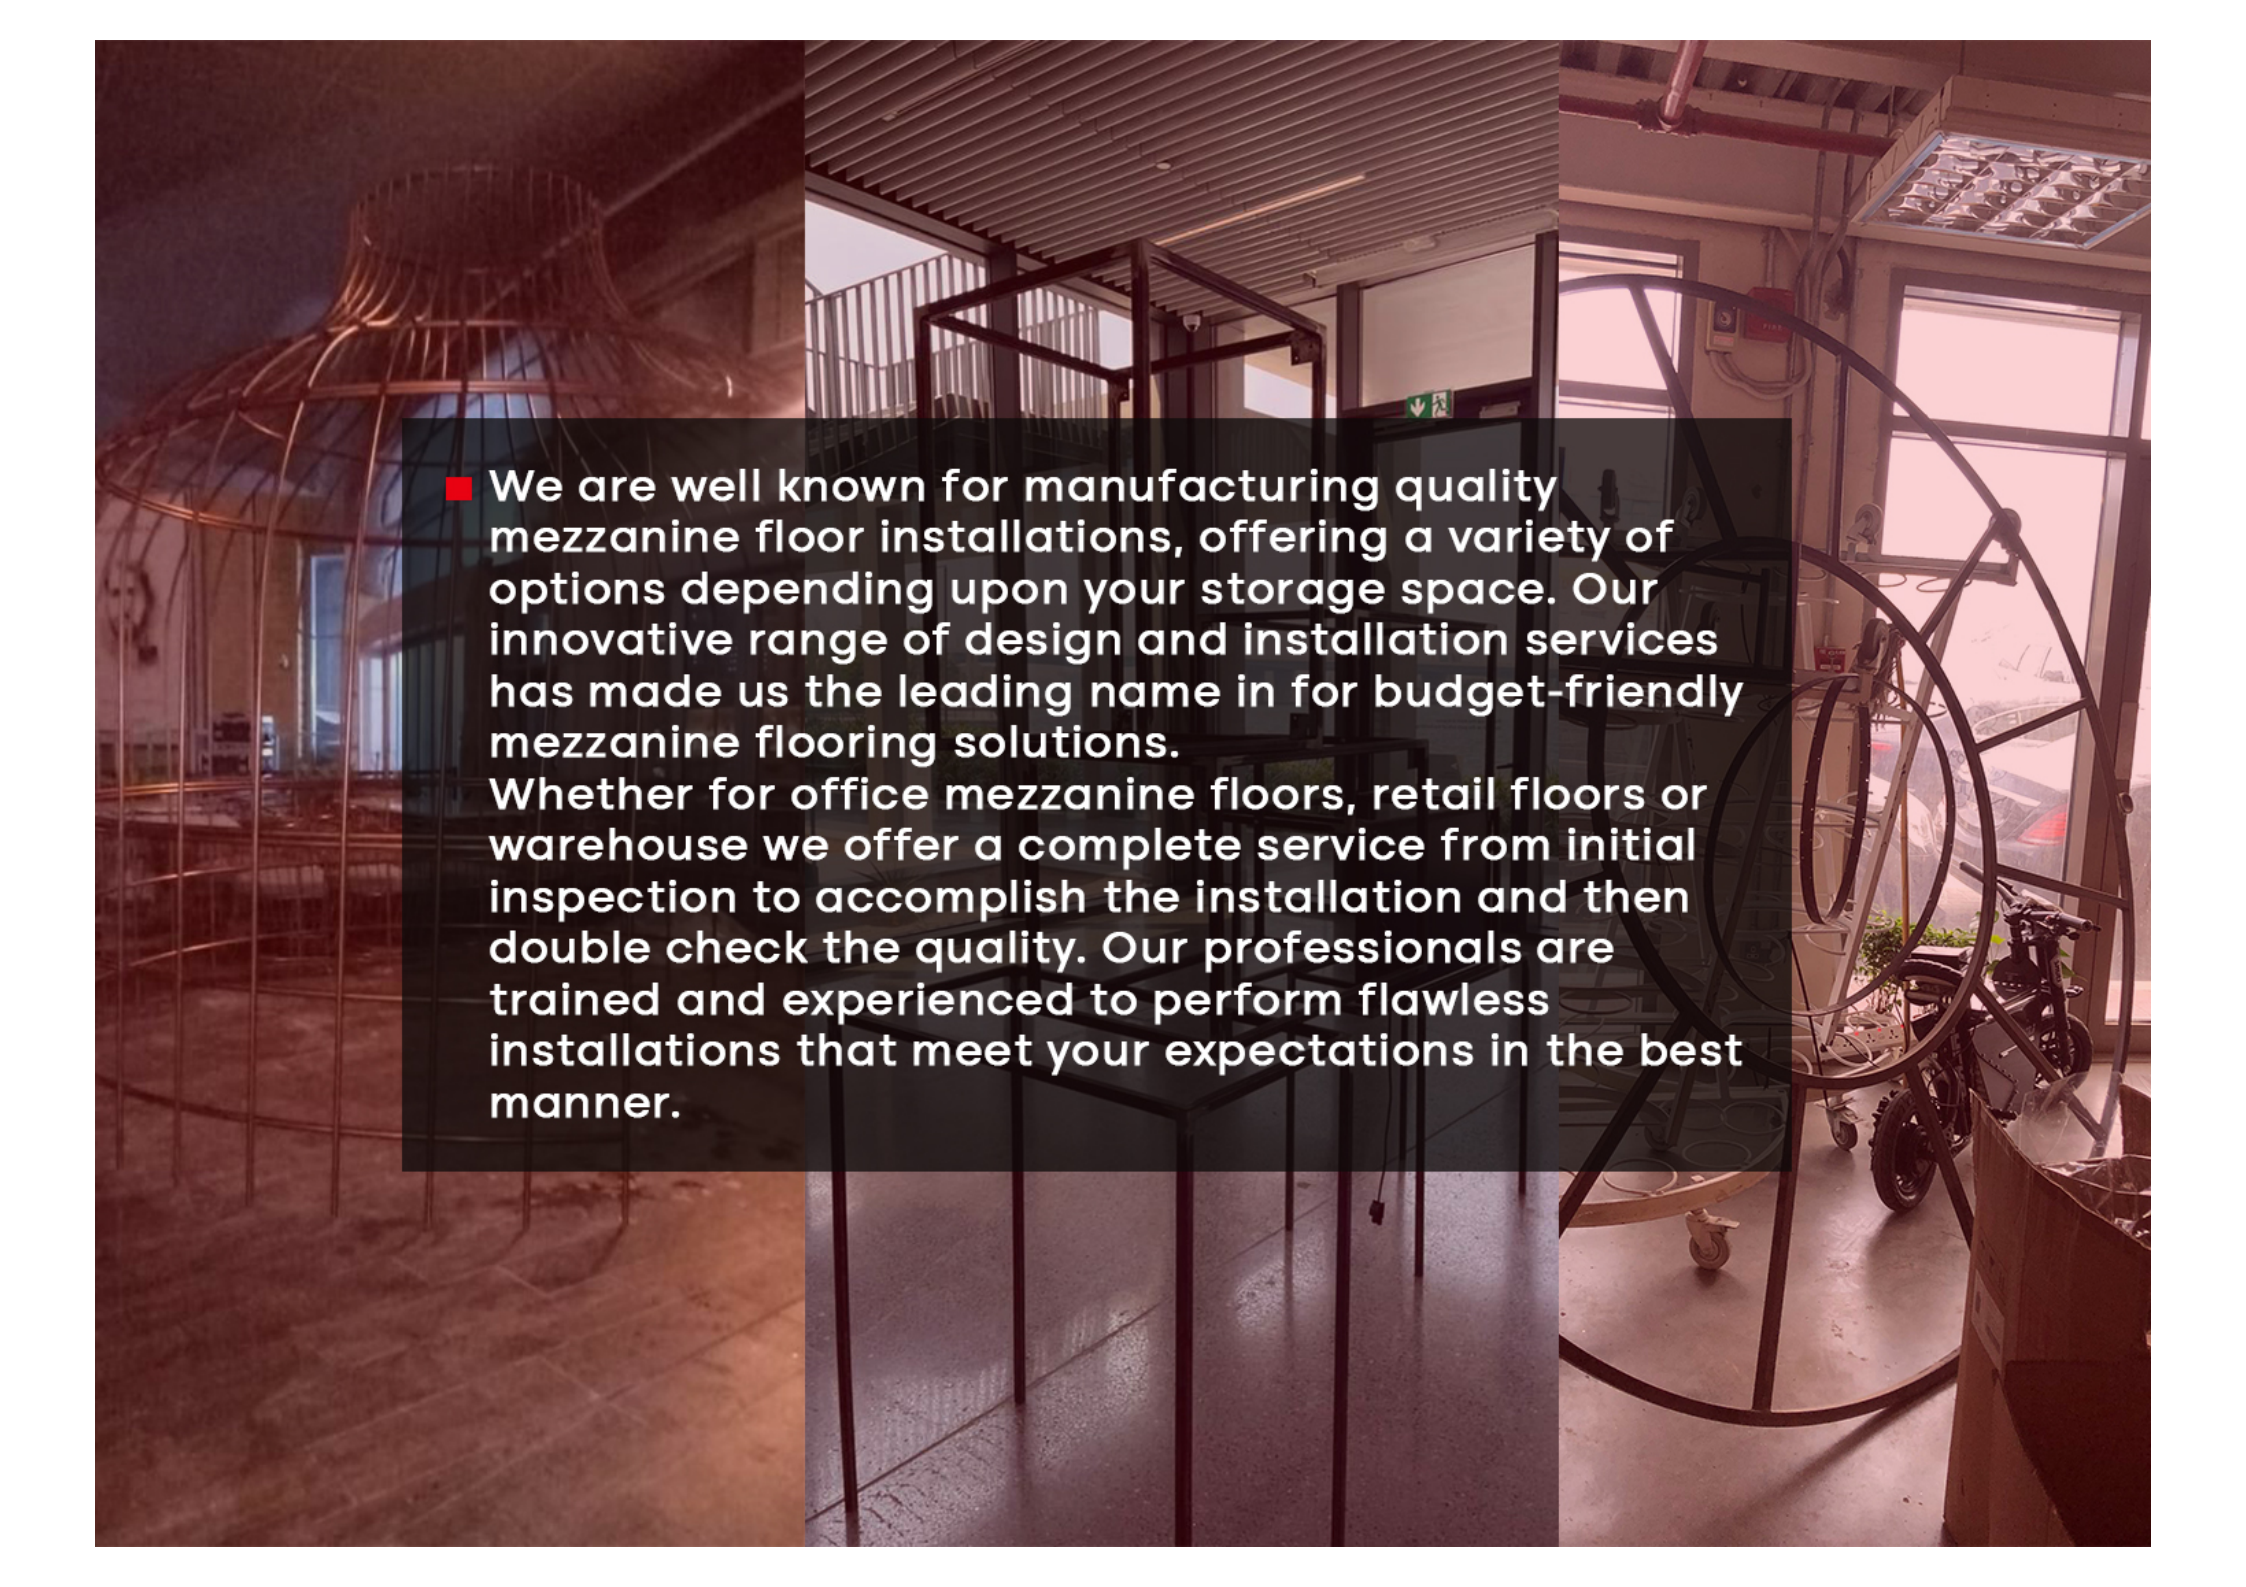

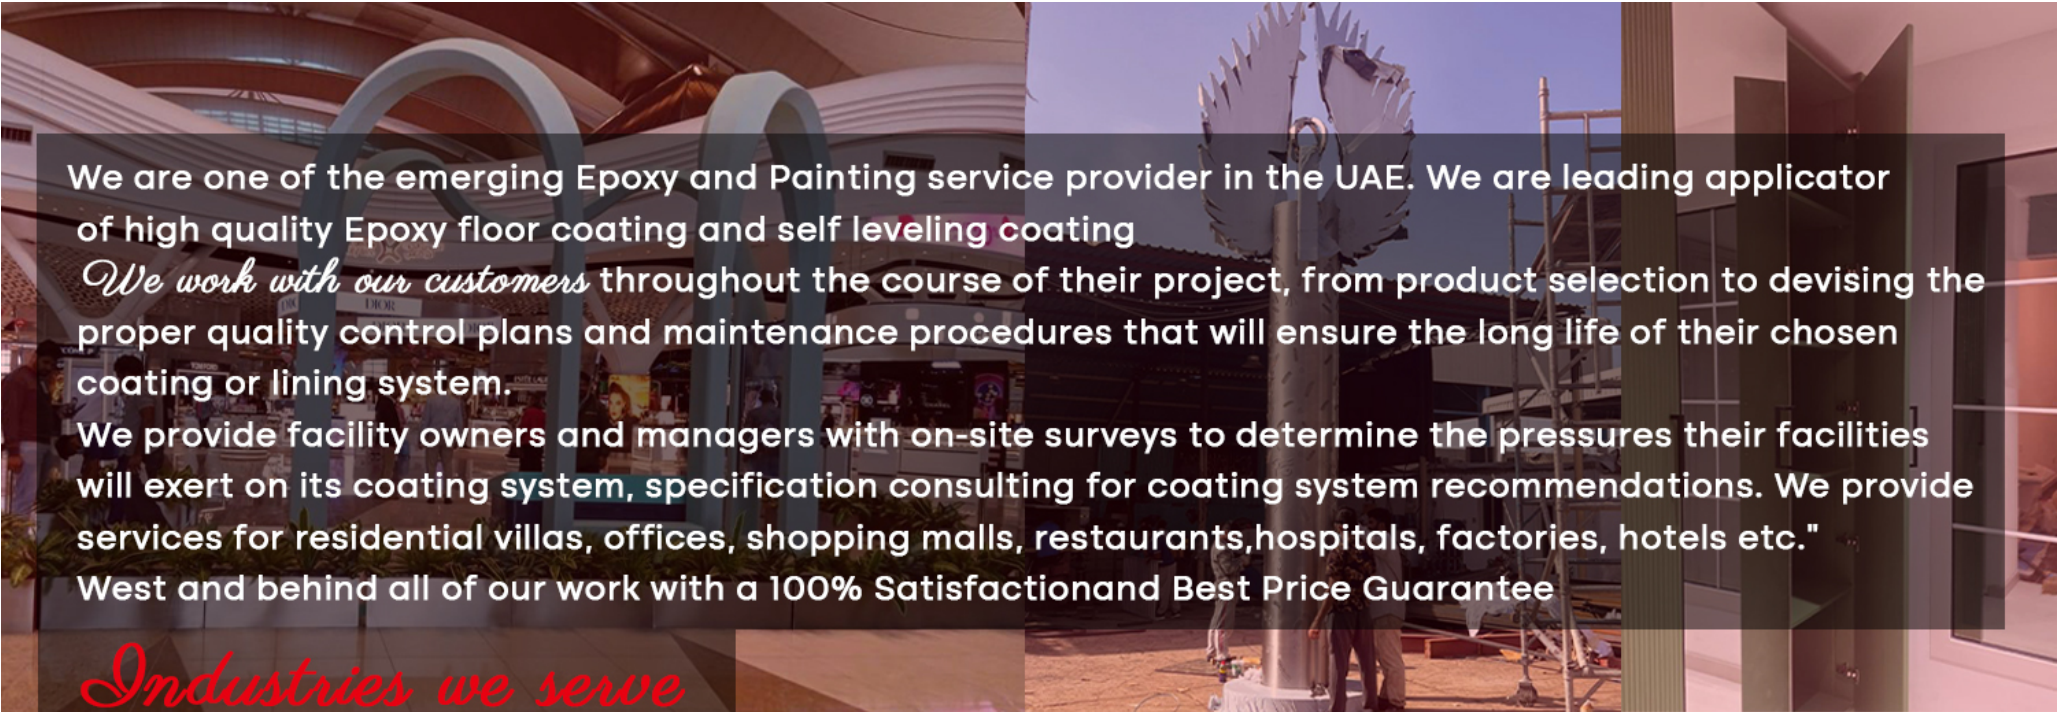

■ We are manufacturing a wide range of Stainless Steel Railing Work that is widely used in households as well as commercial spheres. Designed to perfection, these are widely appreciated by the clients for durability, sturdy construction, corrosion resistance, excellent finish and brilliant luster. In our endeavor to satisfy our clients in the global markets, we also offer our range as per the design and specification demanded by them.

- 
- We are well known for manufacturing quality mezzanine floor installations, offering a variety of options depending upon your storage space. Our innovative range of design and installation services has made us the leading name in for budget-friendly mezzanine flooring solutions. Whether for office mezzanine floors, retail floors or warehouse we offer a complete service from initial inspection to accomplish the installation and then double check the quality. Our professionals are trained and experienced to perform flawless installations that meet your expectations in the best manner.

We are one of the emerging Epoxy and Painting service provider in the UAE. We are leading applicator of high quality Epoxy floor coating and self leveling coating

*We work with our customers* throughout the course of their project, from product selection to devising the proper quality control plans and maintenance procedures that will ensure the long life of their chosen coating or lining system.

We provide facility owners and managers with on-site surveys to determine the pressures their facilities will exert on its coating system, specification consulting for coating system recommendations. We provide services for residential villas, offices, shopping malls, restaurants, hospitals, factories, hotels etc."

West and behind all of our work with a 100% Satisfaction and Best Price Guarantee

## *Villa extensions*

or home extensions are common practices for expanding residential properties. You opt for an extension when your house is lacking space and requires more rooms. Read what a villa extension is and how it can benefit you to create more multifunctional rooms from the existing space. A home extension company offers all the services needed for a perfect extension. From the design and structuring to the complete interior fitout. We have a list of successful extension fit outs and would love to show them to you. The Perfect Extension can be anything from a big bedroom to an art gallery.
